Cleaning Payments & No-Refund Policy

Please review before accepting your quote or booking your cleaning. Version 2026-10-10-v1

Clear Choice Cleaning puts time, care, and resources into every visit. Your service price covers cleaning labor, supplies, equipment, fuel, travel, and operating expenses.

Payments for cleaning services completed within the agreed scope are non-refundable, except where required by law. These costs have already been incurred and cannot be recovered after the work is performed. A change of mind after the cleaning does not qualify for a refund.

If something was missed

Please contact Baylee within 24 hours after your cleaning with a description of the concern and photos, if available. This helps us review the issue while the condition of the home is still clear.

If an agreed cleaning task was missed or inadequately performed, Clear Choice Cleaning will arrange a reasonable opportunity to return and correct the affected area at no additional charge. Corrective cleaning covers the original agreed tasks; it does not include additional services or new messes created after the visit.

Permanent stains, existing damage, areas that were unsafe or inaccessible, and tasks excluded from the agreed service are subject to our cleaning guidelines.

Services not provided

This policy does not authorize charges for work that Clear Choice Cleaning did not perform. Cancellations, deposits, and interrupted or partially completed visits must be addressed under separately disclosed terms.

Your rights

Nothing in this policy limits rights or remedies that cannot legally be waived, including applicable cancellation rights, claims concerning property damage, or lawful payment disputes. The 24-hour reporting request does not eliminate those rights.

Customer acknowledgment

I have read and acknowledge Clear Choice Cleaning's Cleaning Payments & No-Refund Policy, including the terms for completed services, corrective cleaning, and my legal rights.
